A Third Way Beyond Capitalism and Communism

THE NATIONAL FRONT ARE HIT BY

THE BIG LIE

THE NATIONAL FRONT is being framed! Hardly a week goes by without some newspaper or T.V. report accusing the NF of being involved in racial attacks or football hooliganism. Time after time, the accusations are shown to be lies. But the media either don't bother to publish the truth when it emerges, or they tuck a correction away in a tiny feature which hardly anyone sees.

The cuttings reproduced here are just one example of this media attack. The initial accusation by the Egyptian shop-keeper was given shock front page coverage in the Oldham *Chronicle*, while the local Front spokesman wasn't even contacted and given a chance to comment on the outrageous allegation.

The much smaller report, which revealed that the shop owner himself had been charged with the offences, was buried at the back of the paper a week later. It didn't even *mention* the fact that the NF had been blamed at first.

This trick is all too familiar to the national revolutionary movement. It was used to blame the NF for the Deptford party fire, where 13 young Blacks died. The *truth* was that the fire was started by a Black man at the party.

It was used to blame young Italian nationalists for the Bologna railway bombing which killed 80 people. But the *truth* is that the then head of the Italian military secret police is now in prison for organizing that campaign of terror.

It was used to blame the NF for the Heysel football stadium tragedy. Yet the *truth* is that the police investigation found "no evidence" of NF involvement in the events in Belgium. None of the football hooligans since accused of taking part in the riot has any connection with our movement.

DECEITFUL TRICK

Most of all, the media have used this deceitful trick to blame the NF for racial attacks against the coloured peoples temporarily living in Britain. But once again, the *truth* is that an official Home Office report on racial attacks found "no evidence" that the National Front organized or carried out any such attacks.

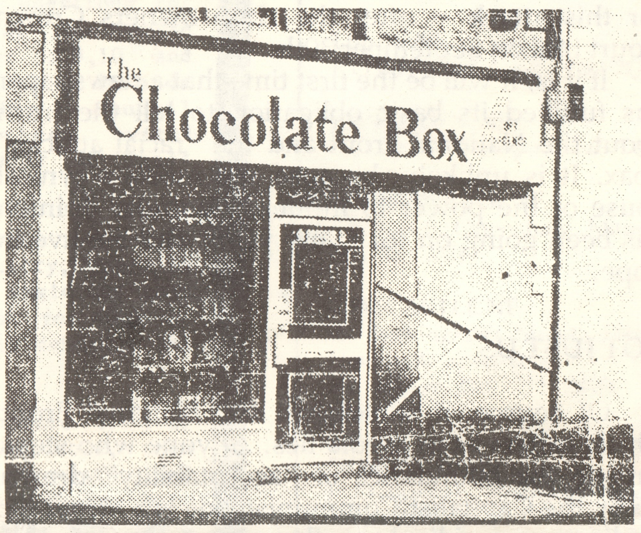
Racial violence is the inevitable product of a multi-racial society, which forces peoples of different races and cultures to mix. Far from organizing such trouble, the NF condemns it. We seek to end racial hatred and violence by the only means possible: the separation of the races through the financially assisted repatriation of all coloured immigrants and their descendants.

Shop owner on arson charge

The owner of a Shaw off-licence has been charged with arson and attempted deception following a fire at his Milnrow Road shop which caused thousands of pounds worth of damage.

Moustafa Marzouk, of Markenfield Drive, High Crompton, will appear at Oldham Magistrates' Court on August 13.

THE HIDDEN TRUTH



The off-licence which was attacked.

NF blamed for arson attack on Shaw shop

THE owner of a Shaw off-licence has blamed the National Front for setting fire to his shop last night.

Mr. Moustafa Marzouk, owner of The Chocolate Box, in Milnrow Road, believes that his shop was gutted by members of the National Front.

And only one hour after firemen left the scene, the shop was burgled.

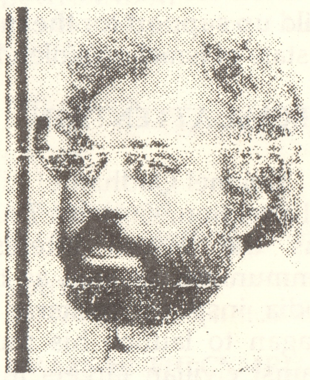
Firebugs struck at The Chocolate Box only four minutes after the owner closed the shop.

Separate

The arsonists broke into the shop, then piled newspaper and cardboard together, soaked it with petrol and set it alight.

Firemen fought the blaze, which caused thousands of pounds worth of damage, for almost three hours. The ceiling, wall, floor and most of the stock were ruined.

Later, a thief removed some of the boarding at the front of the shop and stole three bottles of cider and 60 cans of beer, worth a total of £50.



MOUSTAFA MARZOUK

Egyptian-born Mr. Marzouk (41), said: "This is the work of the National Front."

Mr. Marzouk, who lives with his family in Markenfield Drive, High Crompton, has owned the shop for four years.

The detective leading the hunt for the arsonists, Chief Insp. Mike Smith, said: "We are treating this as two separate incidents. The second one looks like the work of an opportunist thief."

COMMENT

NATIONAL FRONT NEWS

EDITORIAL OFFICE, P-O Box 41, Norwich, NR3 2AH.

SUBSCRIPTION DEPT., P O Box 228, Manor Park, London E.12.

OUR FRONT PAGE story highlights the greatest problem faced by the Nationalist movement in our efforts to influence the peoples of Britain. The mass media is firmly in the hands of capitalist owners and neo-Marxist journalists. Then there is the power of the Zionist lobby and the influence of the money from advertizing contracts placed – or not placed – by Zionist companies. These factors add together to ensure the unrelenting hostility of the media to any manifestation of racial or national pride among our peoples, and to any call for a social order which puts power, wealth and arms into the hands of the ordinary citizen.

Under pressure from the committee of the Oldham **NFN Supporters** unit, the news editor of the *Chronicle* , Jim Williams, has now promised to point out the fact that the NF was wrongly blamed for this attack – after the shop owners Crown Court trial on September 30th.

If it is, it will be the first time that a newspaper has fulfilled its basic obligation to tell the truth about the National Front and the "racial attacks" hoax. It is unlikely, because the media's cynical abuse of the power to influence popular opinion has been going on for many years. But we live in hope.

NOT JUST US

Of course, it is not just the National Front which suffers from media lies. Anyone who steps outside the boundaries of "acceptability" drawn up by the Capitalist/Communist axis is a target for media smears, ridicule or silence.

The opponents of vivisection and chemical and radioactive pollution have the same problems. Our experiences are also all too familiar to activists working to protect the minority Celtic languages and cultures of Britain's highlands and islands. No doubt Black and Asian cultural groups in this country feel they face the same problem under a System which finds race-mixing profitable.

The entire Arab world has been misrepresented for decades as part of the campaign to build up support for the maintainance of the terrorist state of Israel on stolen Palestinian land.

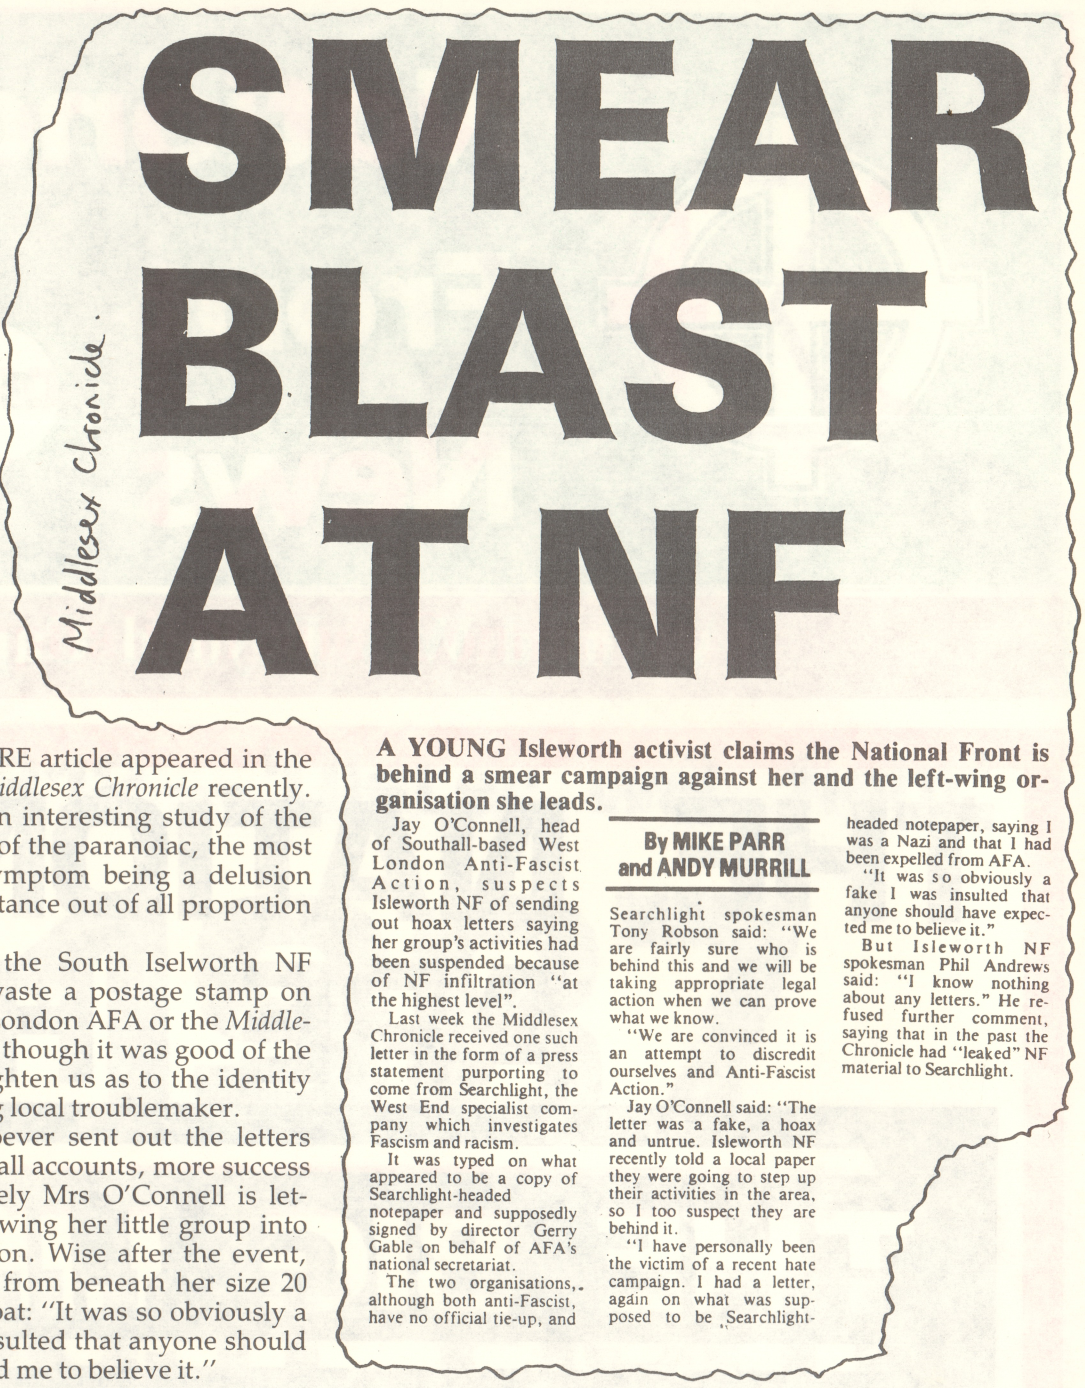
SPECIAL ATTENTION

Colonel Qadhafi of Libya has come in for special attention, since his *Third Universal Theory* threatens the vested interests of capitalism and communism, as well as the Zionist state. It was media inspired hysteria which allowed Ronald Reagan to launch his murderous bombing raids against civilian targets in Libya. Yet Reagan has *still* not been able to produce a shred of evidence to support the accusation that Libya was involved in the attacks on U.S. military personnel which provided the excuse for the raids.

The truth is that anyone who stands beyond the Capitalist/Communist partition of politics and the world is fair game for the media liars. Their deceit must be exposed at every possible opportunity. But ultimately there is no point complaining about the fact that the Capitalist and Communist media use their power to defend the Capitalist and Communist system. The only effective reply must be determined political action to build a powerful Nationalist **alternative media**, which will put the case for a **Third Position** before an ever growing number of people.

IMPORTANT NOTICE. For more than a year, the National Front has been subjected to massive interference with the post going to and from its main offices. In order to minimize the disruption this State action causes, you are asked to ***hand in*** correspondence for every NF operation whenever possible.

If you do have to use the Post Office, *always use recorded delivery* and keep your receipt safely.



Middlesex Chronicle

SMEAR BLAST AT NF

A YOUNG Isleworth activist claims the National Front is behind a smear campaign against her and the left-wing organisation she leads.

By MIKE PARR and ANDY MURRILL

Jay O'Connell, head of Southall-based West London Anti-Fascist Action, suspects Isleworth NF of sending out hoax letters saying her group's activities had been suspended because of NF infiltration "at the highest level".

Last week the Middlesex Chronicle received one such letter in the form of a press statement purporting to come from Searchlight, the West End specialist company which investigates Fascism and racism.

It was typed on what appeared to be a copy of Searchlight-headed notepaper and supposedly signed by director Gerry Gable on behalf of AFA's national secretariat.

The two organisations, although both anti-Fascist, have no official tie-up, and Searchlight spokesman Tony Robson said: "We are fairly sure who is behind this and we will be taking appropriate legal action when we can prove what we know.

"We are convinced it is an attempt to discredit ourselves and Anti-Fascist Action."

Jay O'Connell said: "The letter was a fake, a hoax and untrue. Isleworth NF recently told a local paper they were going to step up their activities in the area, so I too suspect they are behind it.

"I have personally been the victim of a recent hate campaign. I had a letter, again on what was supposed to be Searchlight-headed notepaper, saying I was a Nazi and that I had been expelled from AFA.

"It was so obviously a fake I was insulted that anyone should have expected me to believe it."

But Isleworth NF spokesman Phil Andrews said: "I know nothing about any letters." He refused further comment, saying that in the past the Chronicle had "leaked" NF material to Searchlight.

THIS BIZAARE article appeared in the liberal-left *Middlesex Chronicle* recently. It presents an interesting study of the mental state of the paranoiac, the most noticeable symptom being a delusion of self-importance out of all proportion to reality.

In fact, the South Iselworth NF would not waste a postage stamp on either West London AFA or the *Middlesex Chronicle,* though it was good of the latter to enlighten us as to the identity of the leading local troublemaker.

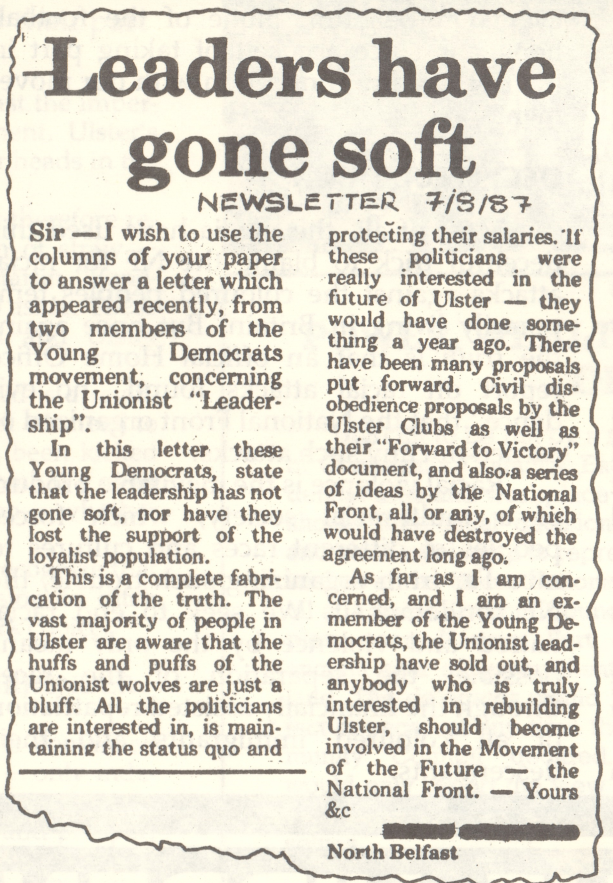
But whoever sent out the letters did have, by all accounts, more success than the lovely Mrs O'Connell is letting on, throwing her little group into utter confusion. Wise after the event, she wittered from beneath her size 20 Oxfam raincoat: "It was so obviously a fake I was insulted that anyone should have expected me to believe it."

The other one's got bells on, Jackie!

THE ULSTER NF's radical Third Position stance *("Against Capitalism **and** Communism")* is attracting a favourable response. Intelligent and idealistic young people are proving particularly receptive.

These letters accurately reflect the NF's democratic and distributist Third Way ideas, as well as our opposition to imperialism.

All NFN Supporters and Friends of the Movement should write – on a regular basis – to their local papers, as this provides an excellent way to put our views before many thousands of people.



Leaders have gone soft

NEWSLETTER 7/8/87

Sir — I wish to use the columns of your paper to answer a letter which appeared recently, from two members of the Young Democrats movement, concerning the Unionist "Leadership".

In this letter these Young Democrats, state that the leadership has not gone soft, nor have they lost the support of the loyalist population.

This is a complete fabrication of the truth. The vast majority of people in Ulster are aware that the huffs and puffs of the Unionist wolves are just a bluff. All the politicians are interested in, is maintaining the status quo and protecting their salaries. If these politicians were really interested in the future of Ulster — they would have done something a year ago. There have been many proposals put forward. Civil disobedience proposals by the Ulster Clubs as well as their "Forward to Victory" document, and also a series of ideas by the National Front, all, or any, of which would have destroyed the agreement long ago.

As far as I am concerned, and I am an ex-member of the Young Democrats, the Unionist leadership have sold out, and anybody who is truly interested in rebuilding Ulster, should become involved in the Movement of the Future — the National Front. — Yours &c

The way forward?

BELFAST T/GRAPH

I AM writing in reply to "Ex-Soldier" (Letters,July 13). I was totally amazed by his arguments/ideas and would like the chance to point the way forward as I see it.

Firstly, Ulster should begin negotiations to rid ourselves of the Imperialistic enemies we have at Westminster, in the USA, the EEC and Eire. Ulster people should be free to determine their own future, free from outside interference.

Secondly, Ulster should reject the twin evils of Communism and capitalism and embark on the "Third Way" of distributism and national revolution. Workers co-operatives should be set up and our industries like the shipyard should be rebuilt to their former glory. A national labour corps should be set up to undertake vital construction work: it's our country, we must rebuild it.

Thirdly, the IRA and other republican terrorists should be terminated, the death penalty re-introduced, loyalist prisoners released and all people, who swear loyalty to the state, be given the right to bear arms to defend Ulster from attack.

I believe that if these steps were followed then Ulster would be a far better place in which to live and we would be free from terrorism and sectarian hatred which is tearing our province apart.

Give voters more power

NEWSLETTER 3/8/87 (ULSTER)

SIR — The Campaign for Equal Citizenship has done sterling work in exposing the fact that we in Ulster — as British citizens — are denied basic British rights.

However, I also believe that our fellow Britons on the Mainland are denied rights as well. Indeed, I would go as far as to say that true democracy doesn't exist anywhere in the UK.

A case in point was the recent general election. For the outcome of that election was decided by the mass media and big business.

A wall of silence was built up around the real issues: the selling-out of Ulster, the destruction of the UK's national and cultural identity, the murder of our industry by foreign imports and the virtual occupation of the mainland by the American armed forces.

Insted of voting on such real issues, we the public were fed a diet of glossy advertising tricks designed to build up/knock down the personalities of stupid, petty politicians.

Then there is Parliament itself, 'democracy can never work given our present form of government. This is because representation (which is the basis of our system) is in itself, anti-democratic!

What is the point of tens of thousands of people electing one man to represent what he thinks are our best interests? I suppose that at the end of a parliamentary session, if we are not satisfied with our MP's performance, we can remove him. But by then the damage has been done. Our MP (who is supposed to represent us) may have voted to legalise heroin, or may have committed us to a war. But all the voters can do is wait nd vote that MP out later! Some democracy.

Surely people can now see that representation is a fraud and is anti-democratic.

The problem then is to find a truely democratic alternative to parlimentary representation. I think that the only way that people can run their own lives is through direct participation.

Direct participation means that the UK should be run by a network of community councils. Each residential area council would take local decisions itself, and elect a delegate to put forward those decisions at a higher level. These delegates would not vote according to what they think are in the interests of the people in their district. Instead the delegate would merely report what his district has decided. Thus true democracy would be achieved, with every person having a real say in the way things are run. From the needs of the street to international relations, every persons' view would be taken into account — thus the people themselves would decide any policy that is to be undertaken.

I believe that this system of direct participation (instead of parliamentary representation) is the only method of restoring true democracy and would also go a long way to halting the war here in Ulster.

I would appreciate the views of other readers of the News Letter. — Yours &C.

FRONT-LINE ACTION

Newcastle

NEWCASTLE NFN Supporters are continuing their steady activity in the centre of north east England. And key activists there are beginning to see the rewards of the work they have also put into helping supporters in nearby **Consett** get formally established.

NF Directorate member Mick Turner recently took some time off from the Distributist League T-shirt operation and from work to build up door-to-door *NFN* sales in Lambeth, and went on two weekend visits to Newcastle.

Mick spoke at a well-attended and enthusiastic unit meeting, where he handed over two fine new banners, one for Newcastle and one for Consett. He also helped with paper sales in the centre of Newcastle, and was pleased to see that although the factional splinter group in the area have not been seen for well over a month, ***National Front News*** is sold on the streets of the city several times each week.

ULSTER PATRIOT

Voice Of The National Front In Portadown

LIES, DAMN LIES! That's the only way we can describe the rubbish peddled by the mass media about the National Front.

The mass media constantly lies about what's going on in Britain. It always runs Britain and the British people down. It lies also about the aims, policies and objectives of the National Front.

¿ The lying media says the NF is a 'nazi' party. This is, of course nonsense. The NF is a DISTRIBUTIST movement. We aim to distribute the land and industrial wealth of Britain among as many people as possible; instead of it being a source of power, wealth and privilege to a few wealthy bankers, politicians and capitalist companies as at present.

¿ The lying media says that the NF is 'racist'. The truth is that the NF is AGAINST racism. We do not believe in, nor seek to stir up racial hatred against coloured people. The NF is a racialist organisation. We recognise the fact that racial differences are much more than 'skin deep' and we believe the White race is worth preserving.

¿The lying media also says that the NF "organises or is involved in football violence". The fact is that the NF condemns all acts of mindless violence and those thugs that perpetrate it.

It is unfortunate that many people allow themselves to fall for the anti-NF propaganda that is the work of the same source that continually attacks the loyalist cause as well. Are YOU going to be another such person or will you OPEN YOUR EYES TO MEDIA LIES?

FIND OUT MORE about the National Front, Britain's only radical patriotic political party. Buy our newspaper, National Front News from your local seller or by sending 50p in stamps to The Secretary, 134 Templemore Avenue, Belfast BT5 4FX.

PORTADOWN **NFN Supporters** have just produced their own leaflet. Called the ***Ulster Patriot,*** it exposes media lies about the National Front.

The leaflet points out that the NF *opposes* Nazism and racism, and doesn't encourage or promote football hooliganism.

It states that the NF is a Distributist movement – committed to the distribution of land, industrial wealth and political power to the entire population of Britain.

On the racial issue, it cuts through the media lies and makes our position clear:

> *"The truth is that the NF is **against** racism. We do not believe in, nor seek to stir up, racial hatred against coloured people. The NF is a **racialist** organization. We recognize the fact that racial differences are much more than 'skin deep' – and we believe that the White race is worth preserving."*

Update on the NF's Race Campaign

THE NF's national Race campaign got off to a flying start at the end of July with an afternoon conference and seminar on the subject in central London. 70 activists from all over mainland Britain attended, taking an active part in small discussion groups as well as listening to the formal speeches. Good contingents from Scotland, Cymru and the North of England were particularly welcome.

The meeting was chaired by Directorate member Dave Gobell. Graham Williamson opened the proceedings by explaining how such a national campaign is intended to compliment intensive local work designed to sink community roots. Nick Griffin then spoke on the principles of mutual respect, and the need for racialists of all colours to co-operate in the struggle to preserve the separate identities of their peoples against the race-mixing pressures of global capitalism, Marxist dogma and Zionism.

Directorate member Mark Alder explained precisely what was expected of *NFN* Sales units during the campaign and representatives of local units collected thousands of campaign leaflets, posters, stickers and supplies of *NF News* to use to publicize the Nationalist message in the following weeks.

GUEST SPEAKER

Those present were all inspired to make a really big effort by two stimulating and interesting speeches. The first by Matt Malone, a guest speaker from the American *National Democratic Front*. Matt spoke on the growing wave of racialist feeling among American Indians, Hispanics and Blacks, and on the efforts being made by White racialists to contact and work with them.

"Race-mixing destroys all races," he told his first ever British audience, *"so it is only natural for healthy people of all races to oppose it. By forcing us to live together, the big corporations have created big profits, but they have also created racial hatred. We want to end that hatred – by separating the races so that we can all run our own affairs and live in peace.*

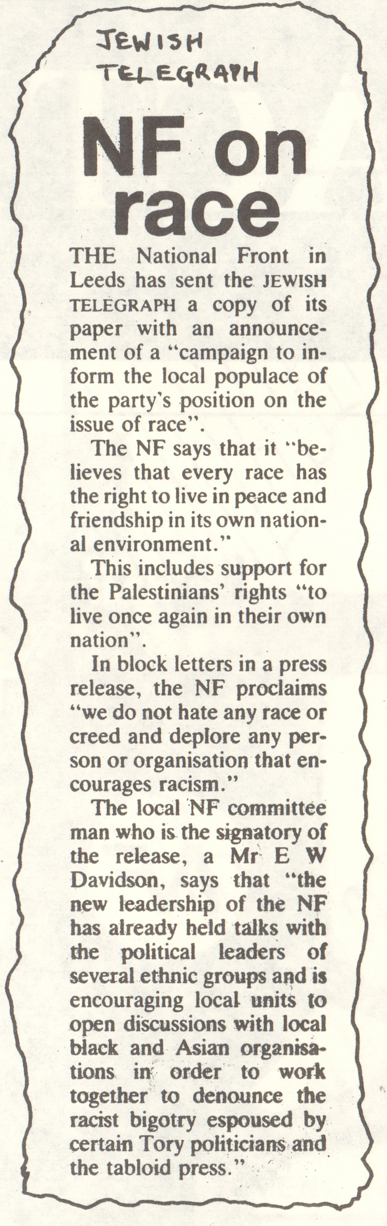
NEW CHAIRMAN

The closing speech was made by Derek Holland, after Nick Griffin announced that he was stepping down as Directorate chairman after over a year in that position, and told the meeting that Mr Holland, a 30 year old history graduate, had agreed to take over the position, at least until the AGM in October.

An enthusiastic audience then heard Derek give a moving speech with the central theme being the memory of Jan Palach, the young Czech patriot who so loved his land that he burnt himself to death in protest against the Soviet tanks which crushed his people in 1968.

At the end of a challenging and informative meeting, all those present returned to their own areas ready to get working on the biggest recruitment and public relations campaign which the National Front has run for some years.

C-60 cassette tapes of the meeting, featuring the speeches referred to above, are available for **£3.30 incl p&p** from *Defendant Tapes,* **P O Box 5, Huntingdon, Hunts.**



JEWISH TELEGRAPH

NF on race

THE National Front in Leeds has sent the JEWISH TELEGRAPH a copy of its paper with an announcement of a "campaign to inform the local populace of the party's position on the issue of race".

The NF says that it "believes that every race has the right to live in peace and friendship in its own national environment."

This includes support for the Palestinians' rights "to live once again in their own nation".

In block letters in a press release, the NF proclaims "we do not hate any race or creed and deplore any person or organisation that encourages racism."

The local NF committee man who is the signatory of the release, a Mr E W Davidson, says that "the new leadership of the NF has already held talks with the political leaders of several ethnic groups and is encouraging local units to open discussions with local black and Asian organisations in order to work together to denounce the racist bigotry espoused by certain Tory politicians and the tabloid press."

The Repression File

SPECIAL

This report gives further details of the case of the two Romford ***Community Action*** *activists who were arrested and had their homes raided during their local anti-mugging campaign. Although the bare details were published last issue, the full story provides a particularly 'good' example of the sort of pressures being unjustly employed against our activists.*

The two activists faced four charges of Criminal Damage. One defendant was unemployed, the other had his employer informed by the police of the charges brought against him. His employer subsequently notified him that dismissal may result due to his involvement with the NF and his appearance in court.

Three appeals for Legal Aid were rejected, so after two adjournments the two finally fought the case themselves with no legal representation.

At the start of the case, the police prosecution dropped one of the charges. Another two charges were dismissed as the police had no evidence to support them.

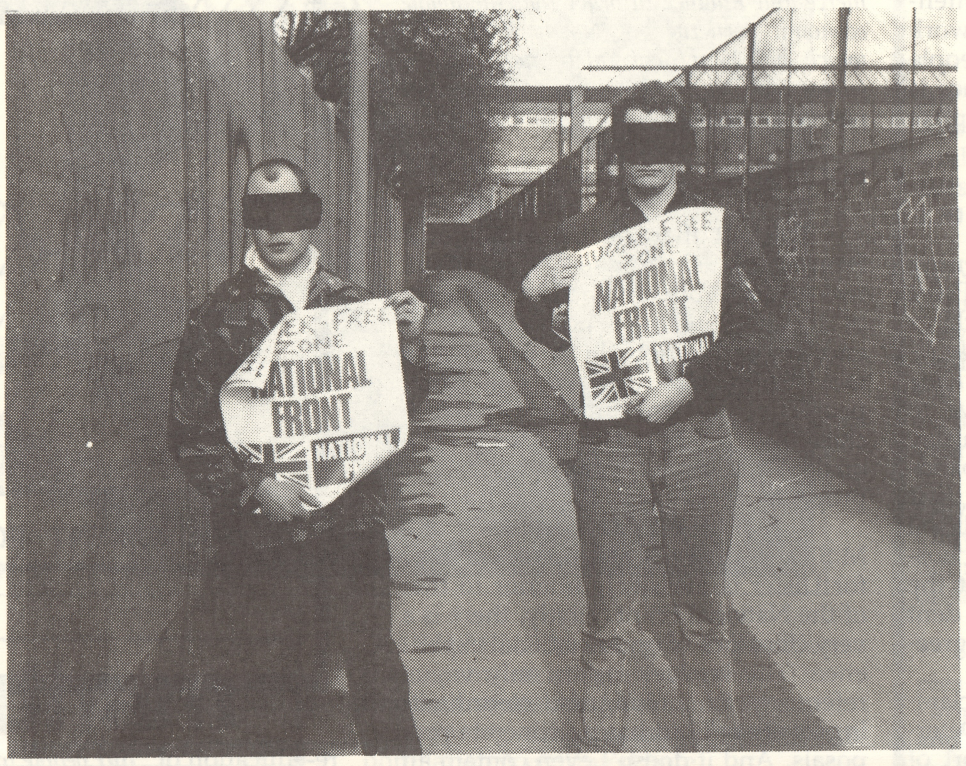
The two Community Activists had stated all along that their only "crime" had been to put up two posters as part of an anti- mugging team.

AGREED

During the case, a "Get Tough With Muggers" poster was displayed to the court. The magistrates agreed with the sentiments of the poster, but obviously did not condone the actions of the accused. The two men defended their stand by telling the court about the ever increasing number of muggings in the area, especially in the town's subways.

As a result of their vigorous and clearly just defence, no fine was imposed. Instead both men were ordered to pay 15 in costs and given a six month conditional discharge.

Although this was reasonably fair, it must be remembered that both men went through the ordeal of being arrested, photographed, finger printed, charged with four charges of criminal damage (with possible prison sentences) and having their homes ransacked by the police. And one of them may still lose his job as a result. So two NF *anti- mugging* campaigners ended up getting harsher treatment than many muggers. British Justice?



NOTE FROM ONE DEFENDANT

Fortunately I had read Andy MaClorie's article in *Nationalism Today* on his experience of being arrested, and the advice given in ***NF News*** (issue 78) about police repression.

As a result, I remained silent throughout my entire time in police custody. Knowing my rights, I also obtained a duty solicitor.

I believe without any doubt that had I not done this, and if my reply to eight pages of questions had contained any more than ***"No Comment"*** the prosecution would not have had to drop the charges. I would have been convicted and jailed for offences that I did not commit.

I can only emphasize the need to read and digest the advice in ***NFN*** issue 78. *Editor's note. This advice is now available in booklet form from Burning Books for just 50p incl. p&p.*

May I add that this experience has only strengthened my resolve to bring down the corrupt system under which people fighting for their community are persecuted. Social Justice can only be restored through a Nationalist Revolution.

If my name was Jeffrey Archer, I would now receive a small sum of money for my troubles, but as it is the police are still keeping an eye on me instead.

The National Front will be holding its traditional Remembrance Day march and rally in central London on Sunday 8th November.

This will take place as usual in spite of the refusal of the Metropolitan Police to answer requests by the NF's ruling Directorate for the normal meetings to finalize the details of the activity. As the police have adopted this short-sighted policy, the National Front will be following the usual arrangements which have made the parade a dignified and peaceful activity for many years.

The march will be led by members of the NF Directorate, including Derek Holland, Graham Williamson, Patrick Harrington and Nick Griffin. A wreath will be laid at the Cenotaph by the Chairman of the National Front's Directorate, Mr. Derek Holland.

Any attempt by the police to interfere with our traditional rights will be rejected. The non-political parade, the short religious service at the Cenotaph, and the political rally at the end of the activity, will all go ahead ***regardless*** *of possible State bans, police harrassment or violent attacks by Communist thugs.*

But such Nationalist defiance is only possible if **every** National Front supporter is there with us, demonstrating the determination of patriots from England, Scotland, Wales and Ulster to honour the War Dead of our Nations.

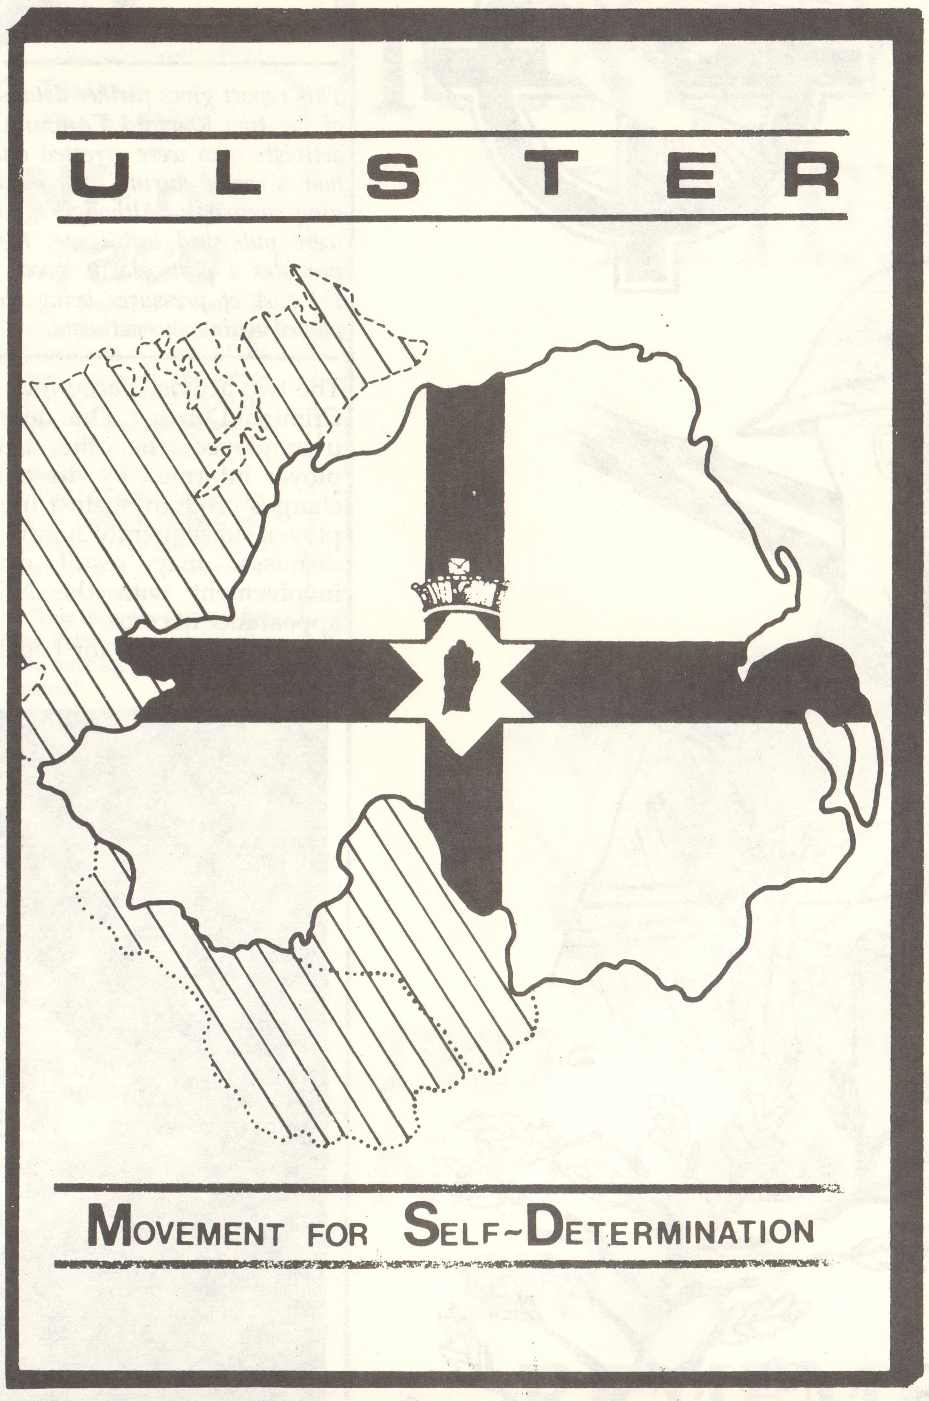
NF NEWS REVIEWS TWO NEW BOOKLETS

A WELCOME DEVELOPMENT IN ULSTER



THE NATIONAL FRONT was the first political organization to declare open and unreserved support for the idea that independence is the only way for Ulster to preserve her national identity. But now other loyalists are reaching the same conclusion.

The **Movement for Self-Determination** was set up earlier this year by a group of rank and file former unionists, who have seen that "union," with a British state which wants to hand them over to foreign rule, is impossible to achieve and dangerous to attempt.

The M.S.D. has published an introductory booklet setting out its intention to build a grass roots network linking the growing number of people who understand that independence is the only option left except complete surrender to creeping Dublin rule.

HEARTENING

There are several heartening things about this development. Point Six of the group's constitution declares that *"no professional politician will be allowed to hold senior office within the ruling body of the Movement."* This move to stop failed unionist bigwigs like Paisley jumping on the independence bandwagon at the last minute to save their own skins is a clear sign of political maturity. It also shows how much hostility has already built up against the "leaders" who have failed even to dent the undemocratic Anglo-Irish Agreement.

Also very welcome is the declaration that the Movement for Self-Determination is **not** seeking some sort of compromise which would accept the continuation of Westminster misrule if the Agreement itself was to be dropped:

"Clearly the smashing of the Anglo Eire betrayal is not enough. To assume that it is will be to revert back to a Direct Rule situation with little prospect of any initiatives from the British parliament for the foreseeable future and, through the acceptable level of violence mentality, to condemn us to another fifteen, twenty, twenty five or more years of death, misery and the slow destruction of our Beloved Country."

"We must not allow ourselves, therefore, to make the same mistake as in May 1974. Our goal this time must be to bring about a completely new situation in this Country. To create a Free Ulster for a Free People, no longer at the mercy of either Irish Republican terror gangs or appeasing and treacherous politicians who do not understand us and do not wish to."

Finally, there is the unusually radical tone of a page entitled "Ulster Government by Ulstermen:" *"We, as true Ulstermen, must regain control of sectors such as Agriculture, Industry, Commerce and Finance in order that the whole economic structure of Northern Ireland, which has been deliberately neglected by successive British governments, is completely revitalised."*

POLITICAL EXPERIENCE

The fact that the Ulster National Front started saying these things a full two years before anyone else is a sign of the revolutionary political experience beginning to build up in our own movement. And the fact that other people are now reaching the same conclusions is at least partly due to the quality and wide distribution of our propaganda on the issue.

But whilst all this is welcome, the M.S.D.'s drive towards independence for Ulster is massively inferior to that of the National Front. Firstly, there is a very clear lack of organizational experience. The booklet makes only vague references to "uniting and co-ordinating loyalists," but has no concrete proposals. And it doesn't even contain an address for sympathetic readers to get in contact. Ulster just doesn't have the time for such a leisurely attitude.

The same vagueness is also very obvious when it comes to concrete proposals for the government and running of the "completely new situation" for which the Movement for Self- Determination vaguely calls.

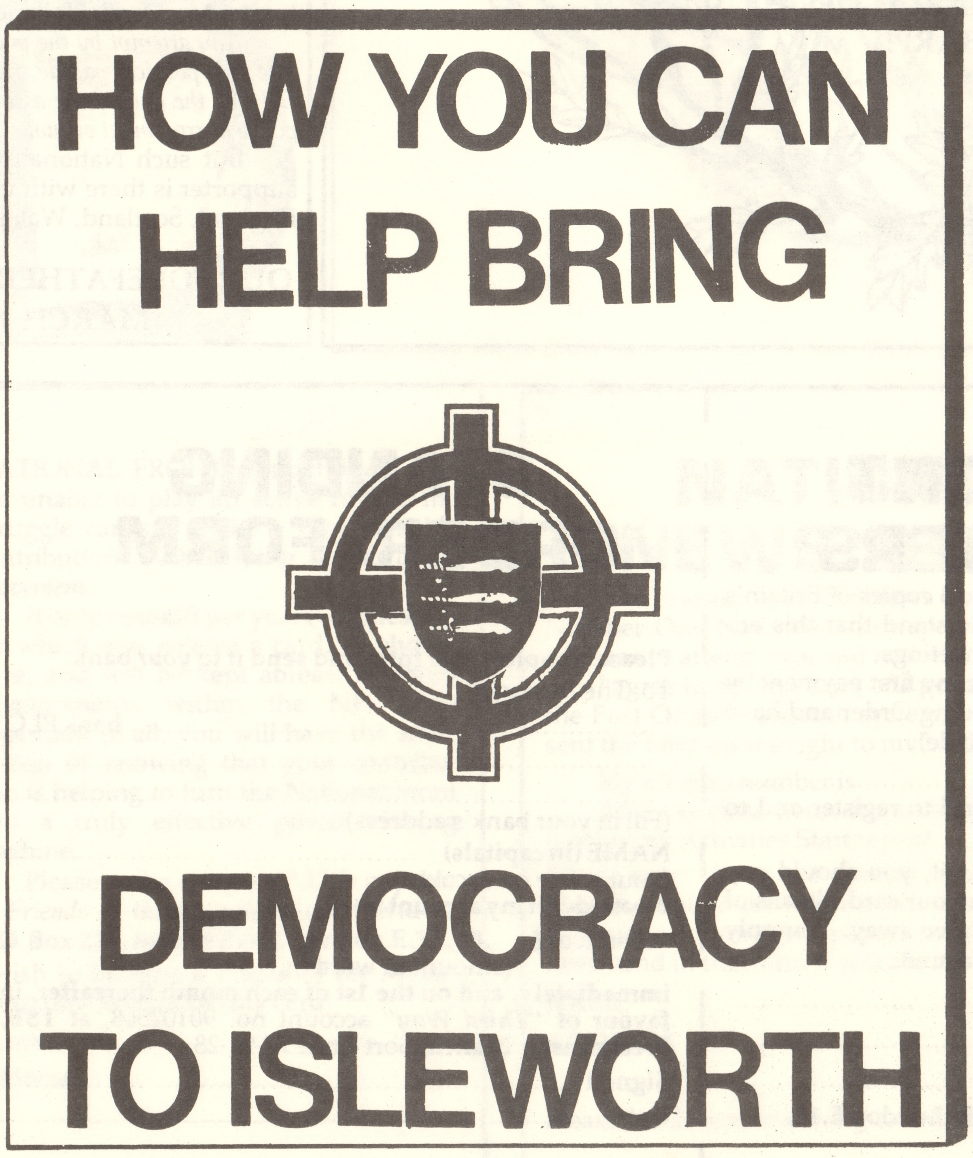
"RE-EDUCATION"

And finally, while calling for the re-education of *"**our** people to ensure that the misguided men who brought about the present rebellion are never allowed to re-assert themselves,"* the M.S.D. also demands that *"any future Ulster state would reflect the Protestant ethos."* It is not clear what the authors mean by this, but it is certain that any attempt to "re-educate" Catholics into loyalty to a new state would fail if that state regards them as aliens or second-class citizens.

The truth is that a New Ulster will only work if it is a **non- sectarian** state which offers equal citizenship, status and opportunities to **every** citizen loyal to that state – regardless of his or her religion.

NF News hopes that the members of the Movement for Self-Determination come to accept this, as they have already moved towards acceptance of our other main ideas on the subject. But even if they don't, the National Front will carry on the fight alone, because only our ideas offer any hope of long-term peace and justice in Ulster.

WHILST IN WEST LONDON....



THIS 12 page, low-budget booklet, though aimed specifically at an audience within its own area, will undoubtedly be interesting and useful reading for any *NFN* unit which intends to undertake a serious programme of Community Action.

It explains, in simple terms, the National Front's attitude to democracy, and why the present System is in reality undemocratic. It also breaks completely new ground in suggesting strategies which Nationalists can use to bring about radical change in their community.

Every unit should obtain a couple of copies of this booklet and pass them around its key activists and supporters. It will also be worthwhile reading for everyone interested in the National Revolutionary criticism of the "representation" hoax, and in our plans to create a genuine People's Democracy.

"South Isleworth NF candidates, once elected, will make themselves answerable to the whole electorate, irrespective of political orientation. This will be done by establishing a Community Council structure, in which everyone will have a say."

"The Councillor will serve as a mere delegate of the Community Council, upholding its views in the Council chamber, rather than his or her own."

How you can help bring Democracy to Isleworth is available for just **70p incl. p&p** from **South Isleworth NF, BCM Picador, London WC1N 3XX.**

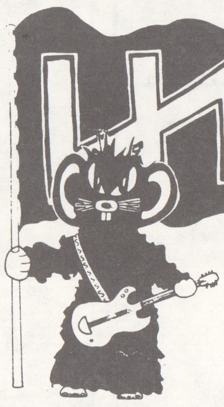
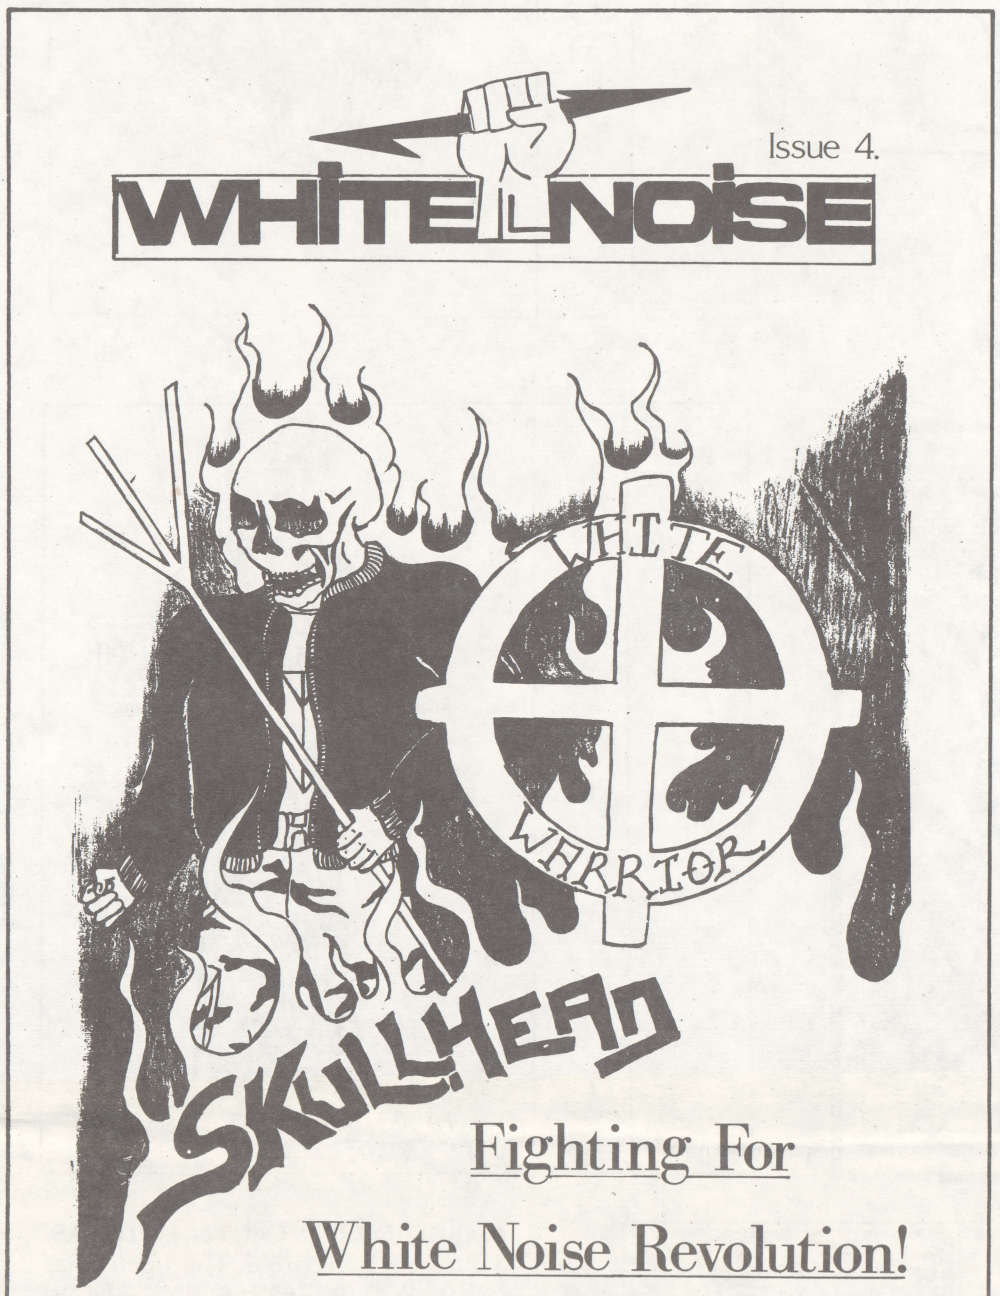
WHITE NOISE





Issue 4.

WHITE NOISE

SKULLHEAD

Fighting For

White Noise Revolution!

WHITE YOUTH are fighting back! For years we have been force-fed an endless diet of race-mixing and pro- Communist propaganda through the capitalist music industry. Bands which dared to sing pro-White songs were denied gigs, recording contracts and publicity. The merest suggestion that a band was patriotic and pro-British was enough to wreck their chances of succeeding in a business dominated by Marxists, Zionists and the Super-Rich.

But for the last few years, a group of pro-White bands and activists opposed to the anti-British stance of the music industry, have been organizing to fight back. So now patriotic young musicians don't have to choose between selling out and getting nowhere. And fans don't have to put up with race-mixing propaganda at concerts, in their music paper, or on every track of a record.

REAL CHOICE

Bands and fans alike now have a real choice: **WHITE NOISE.** White Noise was formed when a group of bands and individuals with Nationalist sympathies got together to build an alternative to the corrupt music industry.

WHITE NOISE is now a powerful organization which holds the biggest White rock concerts ever seen in Britain. It distributes a whole range of merchandise including records, tapes, patches, T-shirts, posters and badges. These promote and publicize **WHITE NOISE** bands like **BRUTAL ATTACK** and **SKULLHEAD** – bands which would otherwise be buried by the music industry's conspiracy of silence.

WHITE NOISE produces a regular eight page fanzine which contains: interviews with your favourite bands; photo features; gig reviews, and much, much more! This fanzine is sent free to **WHITE NOISE** members six times a year. Members are also sent details of special offers and given reductions on tickets for **White Noise** gigs.

The creation of this Nationalist counter-culture is an important part of our Battle for Britain – *and* it's fun for those who get involved. So don't get left out – get into **WHITE NOISE** and **rock for Britain!**

*Please rush me a sample copy of the **White Noise** fanzine. I enclose a 50p postal order (£1 overseas).*

*I wish to become a member of **WHITE NOISE** and enclose £6 (£10 overseas). Please make cheques/P.O.'s payable to "White Noise."*

COMMUNITY ACTION

COMMUNITY ACTION is the local campaigning wing of the National Front. The NF believes that people should organize self-help schemes to get things done in their own communities. Every step which reduces our servile dependence on political parties and the "Nanny State" is to be encouraged.
This page exists to publicize and support such initiatives, whether they are organized by active nationalists or by other members of the public.

FIGHTING FOR OUR COMMUNITIES

Campaign in Small Heath

A BITTER struggle is currently waging between local residents and councillors in the Small Heath area of Birmingham.

The trouble arose because of a campaign by local residents to bring better shopping facilities to the area. Locals have asked **Community Action** to highlight their campaign and offer advice on campaigning, which has been done, to help to combat the lack of care and understanding shown to them by Birminghams left-wing council.

The campaign centres on the plans of a supermarket chain to build a new store in the area and the fact that over the last 10 to 15 years the old established Traders of Small Heath have disappeared and the local shops have been taken over by the Asian community. They serve the Asian community well but do not cater for European tastes at all, hence the campaign.

From the beginning, the campaign has been labelled as racist, which was a bad move to make as the campaign is supported by a large majority of residents from all the ethnic groups living in the area.

MONOPOLIES

The National Front would not normally support the building of superstores as small traders cannot compete with these monopolies, but under the circumstances this is the only option left to local Whites at the present time. If the supermarket chain is sucessful in its plans, the Asian community would still be served by their own shops and the White community would also be catered for in its shopping needs. When the time comes, the shopping monopoly can be rectified and handed over to small traders.

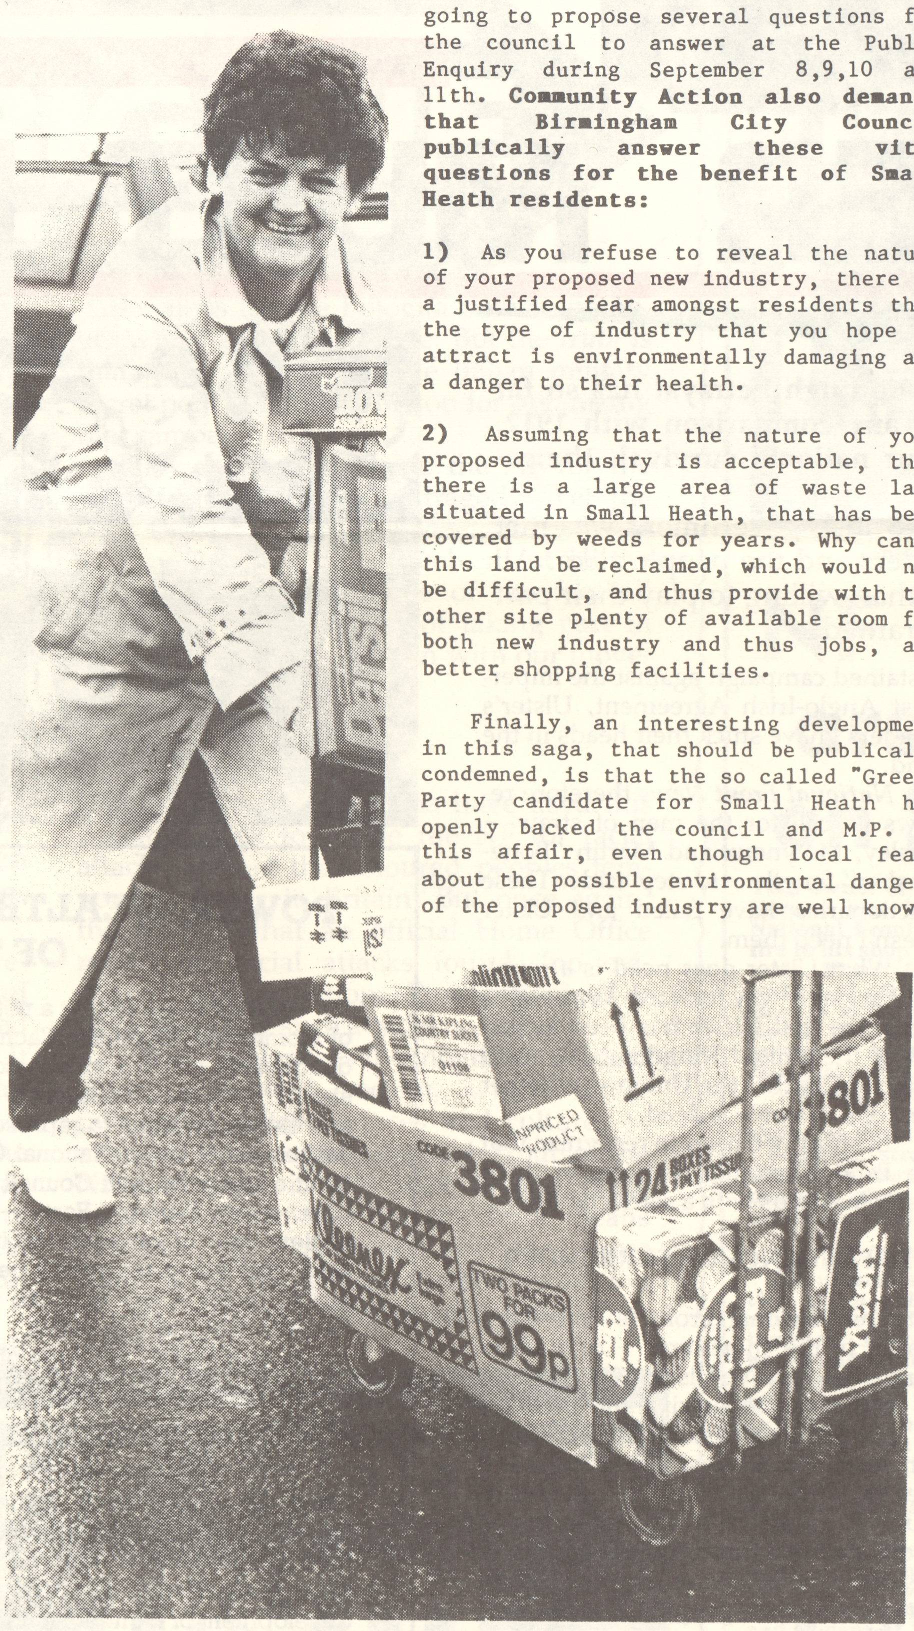
Unfortunately, planning permission for the new store has already been turned down twice by the council against the wishes of an overwhelming majority of residents in the area.

The councils action was taken despite a well attended local meeting where councillors proceeded to ignore the pleas of residents and subsequently felt the anger of local feeling in an unmistakable manner.

Their action was taken, with the backing of the local M.P., despite a massive 7000 signature petition taken from all ethnic groups, and which is still growing.

INDUSTRY

One of the reasons given by the council for refusing permission was that the proposed site was needed for new industry which they hoped to attract to the area. This "trump card" was played in an effort to divide the local community, as many of them are unemployed and desparately need jobs.



The residents of Small Heath are going to propose several questions for the council to answer at the Public Enquiry during September 8,9,10 and 11th. **Community Action also demands that Birmingham City Council publically answer these vital questions for the benefit of Small Heath residents:**

1) As you refuse to reveal the nature of your proposed new industry, there is a justified fear amongst residents that the type of industry that you hope to attract is environmentally damaging and a danger to their health.

2) Assuming that the nature of your proposed industry is acceptable, then there is a large area of waste land situated in Small Heath, that has been covered by weeds for years. Why can't this land be reclaimed, which would not be difficult, and thus provide with the other site plenty of available room for both new industry and thus jobs, and better shopping facilities.

Finally, an interesting development in this saga, that should be publically condemned, is that the so called "Green" Party candidate for Small Heath has openly backed the council and M.P. in this affair, even though local fears about the possible environmental dangers of the proposed industry are well known.

Is your council or MP letting local people down? Is your community threatened by school, factory or hospital closures, or by pollution or violent crime? Does a Community Action project in your area need publicity and support?
If so, talk to your *NF News* seller about it and involve your local sales unit. Or write direct to *Community Action* telling us what is going on and what needs to be done. Wherever possible, we'll provide advice and publicity.

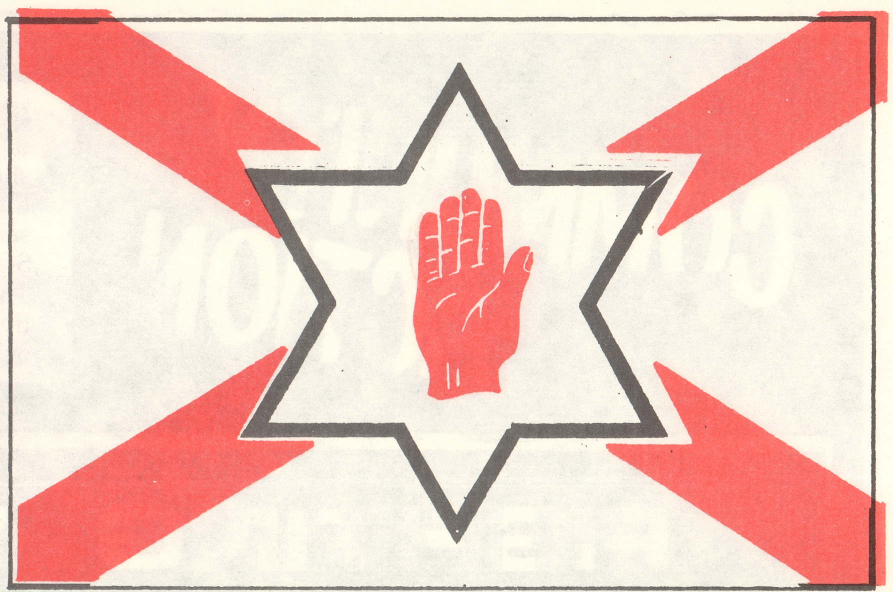
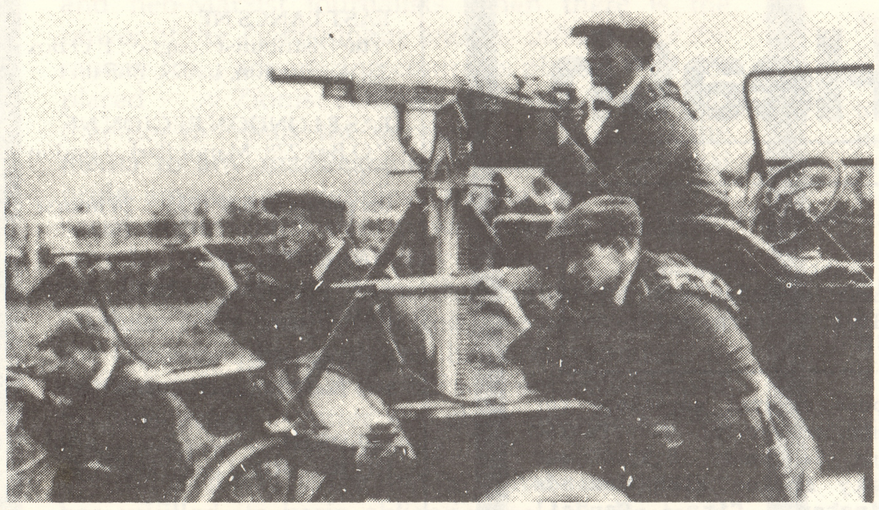
A Third Way Beyond Capitalism and Communism





1912 — 'Ulster will fight'

1987

ULSTER MUST FIGHT

ULSTER'S RESISTANCE to the Hillsborough betrayal has so far been fragmented and ineffective. By any comparison with 1912, when we faced a similar threat to our national survival, the response this time has been pathetic.

In 1912, proposed betrayal by the British government was met with determined resistance by our leaders and the people alike. All sections of the community were more than willing to play their part to safeguard Ulster if Home Rule was granted.

Our great leader at the time – Sir Edward Carson – was determined to fight to the end if necessary. At first he was not sure if the people of Ulster felt the same way, and his worries have an all too familiar ring today:

"What I am very anxious about, is that the people over here really mean to resist. I am not for a mere game of bluff, and unless men are prepared to make great sacrifices which they clearly understand, the talk of resistance is of no use."

"We will .... be confronted by many weaklings in our camp who talk very loud and mean nothing and will be the first to criticize us when the moment of action comes."

He was quickly shown that the people then meant what they said.

Ulster was never pushed any further by the government because the First European Brothers' War intervened and the plans for Home Rule were shelved.

NOT BLUFFING

Carson's Ulster Volunteer Force, however, went to war for Britain. During that conflict, the unsurpassed heroism of the men of Ulster proved that they had not been bluffing when they said that they would fight to the death to protect their homeland and traditions.

In November 1985, Margaret Thatcher finally carried out the betrayal wanted for so long by successive British governments – the Anglo-Irish Agreement was signed, giving a hostile foreign power growing control over Ulster.

Has this sell-out been met with the same resolve as it was in 1912? Unfortunately not. Thatcher has clearly called the bluff of Paisley and Molyneux. She has trumped the Orange card.

Instead of leading a massive and sustained campaign against the imperialist Anglo-Irish Agreement, Ulster's "leaders" have stuck their heads in the sand.

National Front News therefore renews its call for the men of straw – Paisley, Molyneux and Martin "Bonecrusher" Smyth – to step aside. These reactionaries have failed and Ulster doesn't need them.

What Ulster **does** need is a revolutionary new way forward. We need to recognize that Ulster has been kicked out of the United Kingdom. We need to recognize that the Union – whether we like it or not – is dead.

In short, we need to recognize that the Establishment's decision to ditch Ulster leaves us with a stark choice:

INDEPENDENCE OR SURRENDER

The National Front is convinced that – in the short term – only independence can save Ulster.

However, to survive and prosper, an independent Ulster will have to be run upon Distributist lines. Rejecting the evils of Capitalism and Communism – both of which are centralist and materialist through and through – Distributism is the only way to give true power to the people.

This is why we seek the widest possible distribution – and therefore decentralization – of power, wealth and arms.

The foundation stones of this New Ulster must be National Freedom and Social Justice. On this firm base, we will build a secular and non-sectarian Ulster based upon the points set out on this page.

However, before the New Order rises, the Old Order must die. The reactionaries are on their way out. Our task is to recruit, educate and agitate. In 1912 there was no doubt that Ulster would fight. In 1987 Ulster MUST fight – or die!

POWER, WEALTH AND ARMS IN THE HANDS OF THE PEOPLE!

* ULSTER to be run by a network of Community Councils. Each residential area and workplace council should take local decisions itself, and elect a delegate to represent its wishes at the Ulster National Council at a specially built Council complex near Narvan Fort – the ancient seat of government in our land. The delegates would be subject to recall at any time the Community Council decided. They would only report the view of their council, not make decisions themselves.

* THE ESTABLISHMENT of an Ulster Investment Bank, under the control of the National Council, to fund economically vital projects. Special attention to be given to the development of high-tech engineering.

* NEW CREDIT needed by the economy to be issued debt free through the Ulster Investment Bank. Credit creation must be in the hands of the people's delegates, not a source of wealth and power for private bankers as it is now.

* PROGRESSIVE TARIFFS to establish and preserve a secure home market for essential industries.

* PROTECTIVE MEASURES and grant aid to help our farmers and fishermen. A ban on the foreign ownership of land.

* ESTABLISHMENT of an Ulster National Labour Corps to undertake vital construction projects. It's our country, it's up to us to rebuild it.

* THE HANDING OVER of empty properties to newly married couples prepared to renovate them. The active encouragement of personal responsibility and property in all areas of national life.

* THE SECURITY FORCES to be under the direct control of the Ulster National Council. A declaration of war against the forces of armed Irish imperialism.

* THE RESTORATION of the death penalty for all terrorist and sectarian murders.

* MILITARY TRAINING and the right to bear arms to be given to all citizens giving their allegiance to the independent nation of Ulster.

* ARMED NEUTRALITY to be declared. No foreign bases on Ulster's soil. The retention of British bases to be negotiated in return for economic aid to make up for the systematic dismantling of Ulster's economy by the Westminster regime.
